

2D Game Developer (full-time)

Overview

Tingly Games is looking for an ambitious **game developer** to work on our 2D casual HTML5 games. As development environment we use our own HTML5 game engine and framework, written in JavaScript. Also we created our own rapid application development and level design tools, written in C#. Your activities consist of the development of games and of extending the engine and tools.

We develop games in small teams, consisting of one developer, one artist, and one game designer. Together they are responsible for the complete development process, from prototype to finished game.

We look for:

A **computer science** graduate from an HBO or university. You have experience in developing games, preferably in JavaScript or a similar language. Experience in C# is a plus.

Character traits: Ambitious, quality driven, empathic, proactive, communicative, team player.

We offer:

An interesting position in an ambitious game company, led by two veterans in the Dutch game industry. We offer a competitive salary and travel cost reimbursement.

If you have further questions or want to apply, send an email to jobs@tinglygames.com including a motivation letter and CV.

About Tingly Games

Tingly Games is a stand-alone developer and producer of AAA quality HTML5 casual games and apps. We are dedicated to delivering an outstanding gaming experience that everyone can engage and identify with. We create fun, graphically impressive treatments of popular casual games that can be played using any desktop or touch device.

We use our own proprietary HTML5 engine to develop our games, which makes them extremely flexible, robust and broadens their appeal as they can also be played on older devices. We offer a wide selection of popular casual game mechanics with a broad appeal for every age group and gender.

Tingly Games currently employs seven people. It offers its employees an informal yet professional working environment. Our team consists of creative, experienced and inspiring colleagues. We are located in the center of Rotterdam, at a five minute walking distance from the Central Station. If you believe you are suitable for this position, don't hesitate to apply to your dream job at Tingly Games!
